SOIL CONSERVATION SERVICE

# SOIL CONSERVATION—INDEX TO VOLUME 31

AUGUST 1965 TO JULY 1966

| | Page |
|---|---|
| Act, Full Employment | 212 |
| Adams, Verl, gully problem (Iowa) | 270 |
| Agency for International Development— | |
| agreement with Brazil | 196 |
| provides assistance to many countries | 215 |
| provides training in pasture management (Nicaragua) | 197 |
| under participating Agency Service agreements with participating country | 195 |
| agreements, Participating Agency Service | 195, 206 |
| Agricultural Research Service— | |
| cooperates on soil data that affect nutrition of grazing | 77 |
| cooperates with SCS on reservoir trap efficiency study | 166 |
| operates Northern Plains Soil and Water Research Center | 64 |
| study calculates erosion on unprotected roadbanks a year (Ga.) | 54 |
| Agricultural Stabilization and Conservation Service— | |
| Cost-sharing— | |
| available to individual landowners and groups | 173 |
| canal's badlands section improvement (Wyo.) | 254 |
| conversion of cropland to recreation | 8 |
| earthmoving | 90 |
| irrigation pipeline (Utah) | 116 |
| payments Potomac basin | 35 |
| rehabilitating rangeland subject to sheet and gully erosion | 211 |
| emergency practices in flood distressed area (Ill.) | 271 |
| Practice for Critical Areas | 211 |
| program in San Joaquin Valley (Calif.) | 260 |
| Agriculture and Landscape Panel | 20–21 |
| Agriculture and the Landscape. Marion S. Monk, Jr | 19–20 |
| Agriculture, U.S. Department of— | |
| Agencies Join in Solving Water Problem. Dominic Feeley and Roy Buchmeier | 254 |
| cooperates with river basin districts (Miss.) | 226 |
| Alabama— | |
| Brackins Mill Creek watershed gully problem is solved by diversions and others | 53 |
| Coosa Valley area | 152 |
| Professional Agricultural Workers Association meeting attended by SCS personnel | 211 |
| Alaska— | |
| expanding snow survey work | 166 |
| soil surveying | 90–91 |
| ALLAN, DAVID N.: This Is a Marsh—Mark It Well | 183–184 |
| ALLDREDGE, T. D.: Conservation Farming Provides Good Living | 138 |
| America The Beautiful Photo, Maryland | 288 |
| AMUNDSON, A. J., JR.: Soil Conservation Key to Success for Wisconsin Farmers | 137 |
| ANDERSON, EDWARD J.: Conservation Practices Mark Indian Lands Across Oklahoma | 202–203 |
| annual report, SCS | 159–166 |
| Appalachia— | |
| economy being helped by districts employing work crews to install conservation practices (W. Va.) | 228 |
| plant materials center (Ky.) | 64 |
| Reshaping. John L. Essman | 219–222 |
| strip-mine spoil areas | 214 |
| Appalachian and Northern Great Lakes region communities, fiscal 1965 | 160 |
| Arizona, Salome Shooting Preserve | 179 |
| Arkansas— | |
| Caney Creek watershed benefits from stream channel improvement | 224 |
| employs NYC youths | 59 |
| receiver of timber products | 64 |
| recreation opportunities, Caney Creek watershed. Cover picture | [217] |
| River Valley Area | 152 |
| sheet erosion large from deep loess soils of Crowley's Ridge | 54 |
| Youth Corps Aids Soil and Water Conservation | 58–59 |
| BAILEY, MANLEY H.: Cathedral Pines Recreation Area Is Memorial to Joint Action | 62 |
| Barrington Residents Beckon to Purple Martin Families. William J. Melven and Elmer E. Offerman | 56 |

Beauty(ification)—
and— Page
conservation, commercial nursery (Wis.) 234
preservation of natural resources of Potomac 35
Recreation Are Bonus Benefits in Iowa Watershed Project. C. Warren Curtis 112–113
stabilization of roadsides 27
as an integral part of the landscape 19
at the Yawgoog Scout Camp (R.I.) 41
conservation plants for 5
first New Mexico project under national highway program (N. Mex.) 101
for Camp Boxwell, Boy Scout facility (Tenn.) 101
on Polaris missile site (S.C.) 32
project by districts, landowners, schools, industries 251–253
results from use of soil surveys 84–86
roadside, byproduct of Line Creek watershed (Ky.) 280
The Enhancement of Natural. D. A. Williams 23
to be improved on the countryside visible from roads and highways 159
tulips on North Tenas watershed (La.) 105
BENNETT, DAVID A.: "Blue Gold" Is New Harvest From New Hampshire Highland Woods 57
BERG, NORMAN A.: Review of "Governing Soil Conservation: Thirty Years of the New Decentralization" 261
Bermudagrass in Oklahoma. M. D. Gamble 198–200
Better Place To Live 159–166
BILYEU, JAMES L.—
Conservation on School Grounds 80
Vacation Farm in Tennessee Hills 134–135
BLAKELY, B. D.—
Conservation of Grazing Land. With Robert E. Williams 155
Review of "Soil Fertility and Fertilizers" 214
Six Steps to Good Pastures 204–205
Blayer, Al, wildlife and woodland (Vt.) 255
BLOMDAHL, ALBERT E.: Grass, Pipelines Restore Range 16–17
Boiling Down the Maple Sap 192
BOOHER, A. K.: Scout Camp Gets Conservation Look 100–101
BORCHARD, RAY C.: Game and Cattle Make a Paying Combination 247–248
Boyland, Tom, has showplace of native grass (S. Dak.) 168
Boy Scout(s)—
Camp Gets Conservation Look. A. K. Booher 100–101
join 4–H boys in conservation camporees (Vt.) 8
ranch purchases water storage from Flinthill watershed lake (Kans.) 222
Narragansett Council receives USDA Gold Seal Award (N.H.) 139
sets pace in conservation (Mich.) 24
Yawgoog Camp and beauty (R.I.) 41
BRADFORD, HAROLD W.: SCS Design Helps Irrigation Company Salvage Tunnel 66
BRALEY, NORRIS D.: Outdoor Teaching in High Schools 115
Brazil—
Frontier Resources Survey Project 196
Pan American Soil Congress 283
participating agreement with SCS 195
Britt, Simon, multipurpose pond (Fla.) 282
Broadwater, Arlie, pond (Md.) 131
Brown, George, recreational farm enterprise (Tenn.) 134
BRUNER, JIM: Better Management Improves Colorado Highland Meadows 67
Brush Control Takes Unusual Form on Florida's Saw-Palmetto Ranges. Lewis L. Yarlett 151–152
Buchanan, J. N., woodland (Ohio) 233
BUCHMEIER, ROY: USDA Agencies Join in Solving Water Problem. With Dominic Feeley 254
Buente, John, likes his terraces (Ind.) 92
BURPEE, HOWARD L.: Profit, Pleasure in Winter Wonderland 82
BUSEK, ERNEST A.: Supervisors Lead School Field Day 80–81, 96
Bush, S. B., reshapes land (Tenn.) 88
BUTLER, E. D.: Channel Improvements Aid Water Control and Use 223–225
Butts, James and Chinetta, develop conservation plan (Okla.) 117

California—
Manty-Harju, tree farm 230
marshland sale for hunting 176
operation—birds, cattle, and dogs 129
Quail Valley Shooting Preserve on ranch 247
San Joaquin Valley savings—water, time, money 260
Camporee Joins Scouts, 4–H'ers. James L. Woodward 8
Cassoday Lion's Hunt, Annual, Draws Sportsmen to Kansas Town. Glen P. Snell 43
Cathedral Pines Recreation Area Is Memorial to Joint Action. Manley H. Bailey 62
Cattle Association Builds a Novel Pond. K. Marsel Tingey 120
CAWTHORN, JOEL: Use of Stereoscope in the Field Improves Accuracy of Surveys 12–13
CHALK, A. T.: Security for Missile Sites 31–32
Channel Improvements Aid Water Control and Use. E. D. Butler 223–225
CHASE, DAVID C.: Horses and Idle Land Become a Business 131
CHENEY, HOWARD V.: Wagons on the Prairie. With Jack W. Walstrom 275–277
Cheshire Game Club Gets New Life From Tract of Land to Work on. Walter E. Nelson 135–136
Chile, trees and cover crops restore ranch 207–209
City Gets Award as SCD Cooperator. Elbert J. Green 18
CLARK, LEO A.: Farm Recreation Center Attracts Many Visitors 257
Coffey, Dr. George N., made first Ohio soil survey 83

COLLINS, ROBERT E.: Pasture Pump Protects Pond ---- 186
Colorado—
Atmospheric Water Resources Program---- 186
employs NYC youths---- 59
4–H conservation workshop---- 11
irrigation company installs liner in irrigation tunnel ---- 66
Kampground Organization on cattle ranch-- 248–249
meadows benefit from improved water management ---- 67
Ramah Dam withstood flood---- 34
soil-range study---- 148
students help in pond building---- 104
COLSON, DENTIS A.: Narrow Strips Find Favor With Tobacco Farmers---- 210–211
Community Builds New Irrigation Pipeline. Dale Webber---- 116
COMPTON, LAWRENCE V.: Review of "Wildlife Biology" ---- 190
Connecticut—
day camp for boys and girls---- 6
Soil conservation district land conservation showcase ---- 249–250
Conservation—
and Community Development. D. A. Williams- 263
Camp Gives Boys New Viewpoint on Wildlife. Chester T. Kulisa---- 17–18
Careers. D. A. Williams---- 47
Cartoons on Display---- 259
Challenges. D. A. Williams---- 236–237
Combined With Camping Wins USDA Award for Boy Scouts. Stuart O. Hale---- 41–42
Districts Sponsor Neighborhood Youth Corps Project ---- 11
Farm Creates Beauty---- 144
Farming Provides Good Living. T. D. Alldredge ---- 138
field day tour (Wash.)---- 80
Gives Plenty of Scouting Activity. Charles M. Smith ---- 24
Helps Bring Beauty to Kentucky County. Luther C. Gabbard---- 251–253
in foreign lands, fiscal 1965---- 166
Irrigation Keeps Water Clear. Earl L. Hart- 130
Makes Good Cattle and Good Land. Walter N. Parmeter ---- 89
Methods Save Irrigation Water---- 260
needs survey shows need for three plantations (Tex.)---- 63
Never too Old for. George W. Eikenberry-- 233–234
of Grazing Land. Robert E. Williams and B. D. Blakely---- 155
on School Grounds. James L. Bilyeu---- 80
On-the-Ground Instruction---- 96
Plan Key to Success on Butts Farm. Earl J. Hayes ---- 117
plan restores rundown estate (Ky.)---- 136
Plants for New Land Uses. Donald S. Douglas ---- 3–5
Practices Mark Indian Lands Across Oklahoma. Edward J. Anderson---- 202–203

Conservation—Continued
Page

showcase on soil conservation district land (Conn.) ---- 249
treatments on private land, progress 1965---- 165
Conservation Needs Inventory—
progress, 1965---- 165
reveals two-thirds of South cropland susceptible to erosion---- 51
shows millions of acres of cropland with water-erosion problems---- 99
Conservationist and Watershed Dam Stand Test of Colorado Storms---- 34
Conserving Grazing Land. D. A. Williams---- 167
Conway, Ray, ranching and recreation combination (Calif.)---- 247–248
Cooperative Extension Service publicity for distressed area (Ill.)---- 271
Costa Rica economic problems---- 95
COYLE, J. J.: Modern Terrace Design---- 99
Crawford, Herman and Iona, plant bermudagrass (Tex.)---- 14
Crisis in the Countryside, Theme of Soil Stewardship Week, 1966---- 231–232
Cropland(s)—
Adjustment Program, Greenspan operation-- 230
Conversion—
progress, fiscal 1965---- 164–165
Program, farm devoted to recreation (Mass.) ---- 69
CROSS, JOHN M.—
Groups Correct Water Damage---- 90
Pines, Pastures, and Ponds Bring New Economic Life---- 60–62
Planning Makes Louisiana Course a Champ in Golf and Land Use---- 273–274
Sam's Lake---- 235–236
Tulips Add Novel Splash of Beauty to Louisiana Watershed Project---- 105–106
Crovetto, Tomas, and Tomas, Jr., trees and cover crops (Chile)---- 207
Crow Wing Revisited. Linus B. Losh---- 267–269
CURTIS, C. WARREN: Beauty and Recreation Are Bonus Benefits in Iowa Watershed Project ---- 112–113

Dam(s)—
Drop-Inlet, Replace Bridges and Save Millions in Road Costs---- 227
Road, Stop Erosion and Enhance Beauty---- 240
Small, Conservation Help Make "Model" Potomac ---- 35–38
solve gully problem (Iowa)---- 270
DARBY, GERALD M.: Nicaragua Improves Its Livestock Industry With SCS Technical Aid- 197
DAVIDSON, G. W.: Watershed Lakes Bring Recreation Activity to Kansas Flinthills---- 222

delivery ratio of sediment ---- 247
DINSMORE, DONALD T.: Maine's Guide to Land Use ---- 125–128
Dog Trainer Uses Conservation to Create Range for His Charges ---- 129–130
DOUGLAS, DONALD S.: Conservation Plants for New Land Uses ---- 3–5
draintile in orchard (Wash.) ---- 258
Drake, Lyman, and Eugene Bell, convert farm to driving range (Maine) ---- 88
"Dry" Fire Hydrants Protect Land and Homes in Rural New Hampshire. E. Malcolm Strom ---- 87–88
DUMECH, WALTER J.: Sale of Firewood Improves Woods ---- 279
DWYER, CARROLL H.: Woodlands Have Many Values ---- 123–125

Early Cooperator Still an Avid Fan. Milton E. Spence ---- 92
Economic(s)—
added income from wildlife on rangelands ---- 153
and Conservation. D. A. Williams ---- 143
and employment being helped by districts employing work crews to install conservation practices ---- 228
based on agriculture, Webster Parish (La.) ---- 60
benefit from tree plantations for processing plant (Tex.) ---- 63
benefitted by development of resources and facilities (Ky.) ---- 251
benefits and costs of Dunlap subwatershed (Iowa) ---- 113
boost by West Fork of Duck Creek watershed (Ohio) ---- 219–222
increases in local income by RC&D project (Minn.) ---- 267
of farm woodlands ---- 123–125
Opportunity Act ---- 166
savings in irrigation pipeline (Utah) ---- 116
savings in money, time, water (Calif.) ---- 260
Economic Opportunity, Office of, assumes part of expense for Youth Corps Program (Ark.) ---- 58
Economic Research Service—
study shows food crisis confronting mankind ---- 209
EDMINSTER, FRANK C.—
Recreation Inventory ---- 75–76, 91–92
Review of "Introduction to the Outdoors" ---- 117–118
Review of "Outdoor Recreation in the National Forests" ---- 158
Trail Planning and Layout ---- 190
Education—
districts train children in conservation (N. Dak.) ---- 48
high school outdoor laboratories for teaching (Maine) ---- 115
schools organize cleanup campaign for natural beauty (Ky.) ---- 251
students help in pond building (Colo.) ---- 104

Recreation Center Attracts Many Visitors. Leo A. Clark ---- 257
Woodlands, New Uses for. Ross H. Mellinger ---- 180–182
Farmer(s)—
Helps His Neighbor Plant Pines to Replace Cultivated Crops. C. M. Henninger ---- 44
Restores Depleted Estate. Edwin E. King ---- 136
Farmers Home Administration—
approves loan for recreation (Tenn.) ---- 134
arranges for conservation improvement in the Potomac basin ---- 36
credit available to individual landowners and groups ---- 173
lease-purchase plan (Tex.) ---- 14
provide loans for recreation enterprises ---- 8
provides financial assistance for Cathedral Pines ---- 62
Federal Extension Service—
pioneered educational work in the Potomac basin ---- 36
provides training in outdoor recreation enterprises ---- 8
FEELEY, DOMINIC: USDA Agencies Join in Solving Water Problem. With Roy Buchmeier ---- 254
Fish and Wildlife Service cooperating with SCS on wildlife potentials on watershed ---- 191
FITZGERALD, WARREN J.: Nursery Adds a Touch of Beauty ---- 234
Flood(s)—
control project, Potomac upper basin ---- 37

Flood(s)—Continued Page
eliminated by Dunlap subwatershed (Iowa) 112
Mississippi River distressed area receives help (Ill.) 271–272
prevention from West Fork of Duck Creek watershed (Ohio) 220
flooding problems result from interrupting natural drainageways or building on waterlogged soils 174
Florida—
Negroes develop a successful farm community out of worthless redlands 188
Negro's multipurpose pond 282
ranchers apply brush control to the semitropical saw-palmetto savannahs 151–152
serious roadside erosion 68
Food and Agriculture Organization of the United Nations proposes increase in World food production 195
Forage—
Farm to study a forage-livestock-woodland type of agriculture (Ind.) 201
From Pine Woodlands. Francis J. Ezernack 149–150
management for Nicaragua 197
production can be increased by grasses and proper grazing (Nicaragua) 197
year-round program to livestock needs 204–205
Foreign Aid in Soil Conservation. Frederick A. Prange 195, 206
Forest Service, U.S., helps maintain a monitoring soils system for radioactivity 172
4–H—
boys Camp Center (Mass.) 17
boys join Scouts in camporees (Vt.) 8
Conservation Workshop Held. Ralph Kotich 11
